60 lbs. (bushel) \$9.

OROL LEDDEN

Plants

WE ARE plant-growers and not plant-dealers. Every plant we send out is grown by us on our Sewell Farms. Only first-class plants raised from carefully selected seed will be sent out.

We ship annually thousands of mail orders to all states east of the Mississippi River. The bulk of our orders go into New Jersey, Pennsylvania, New York, Delaware, Maryland, Ohio, Virginia, and the New England States. Our careful packing, insuring good condition of plants, gives our customers the best satisfaction.

We have five large greenhouses heated by hot-water heat for early plants. These houses are devoted to growing pepper, eggplant, and tomato plants. Also, we have 800 sash for coldframe beds for spotting or raising plants. The greater part of our plants are hardy, field-grown, planted and farmed by machine in 12-inch rows. These field-grown plants are strong and healthy, raised from the highest-

grade seed, and will give the best satisfaction.

All plants shipped will be carefully packed in moss, in cartons, boxes, or crates and sent by Parcel Post or Express.

We are located in our Stucco Store, on concrete road, opposite Sewell station, 12 miles below Camden on the W. J. & S. S. R. R. Electric Branch of the Pennsylvania Railroad to Atlantic City.

We welcome customers and friends at our farms and shall be glad to show our plants and seeds. Trains run every 15 or 30 minutes in the morning and evening; and every hour during the remainder of the day. To come by automobile—Camden or Gloucester to Woodbury to Mantua, left 2 miles to Sewell. From South Jersey points come by way of Glassboro, take Woodbury road, and turn to left at Sewell. Roads are concrete.

Terms

Cash must accompany all orders, otherwise, goods will be shipped C. O. D. Send Check, Postal Money Order, Express Money Order or Registered Letter. You are protected by our safe delivery guarantee.

We guarantee all plants to be grown on our Sewell Farms. We grow and handle plants from the best seed obtainable, and no seed that we know is of poor germination or inferior in any way is allowed to be sold.

The fact being well known that no reputable seedsman now guarantees seeds in any respect renders it unnecessary for us to say very much on this point, because it must be apparent to every intelligent person that no seedsman can afford to send out poor or worthless seeds. There could be no more certain way of destroying his business.

While we exercise the greatest care to have all seeds, plants, and bulbs pure and reliable, we give no warranty, express or implied, as to description, purity, productiveness, variety, or any other matter of any seeds, plants, or bulbs that we send out; and we will not in any way be responsible for the crop. If the purchaser does not accept the goods on these terms, they are to be returned at once and the money paid will be refunded.

All prices quoted in this Catalogue are subject to change without notice.

OROL LEDDEN & SONS

Safe Delivery Guaranteed. All plants and seeds are guaranteed to arrive in first-class condition, and if they do not, mail carrier or expressman should be notified on delivery. If damaged, request him to make notation of damage, sign, and mail to us at once, and more plants or seeds will be forwarded or money refunded.

Orol Ledden & Sons' Seed Store opposite Sewell Station, Sewell, New Jersey

Ledden & Sons' Vegetable Plants

Beet Plants *Plant May 15 to July 1*

Crosby's Egyptian. One of the most popular early Beets, highly desirable for table use. The roots are dark blood-red, globe-shaped, and are very convenient for bunching.

Detroit Dark Red. Deep maroon or blood-red. A second-early variety excellent either for bunching or baskets.

PRICES: Postage prepaid: 20 cts. for 25; 50 cts. per 100; \$1.75 for 500; \$2.50 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$2.00 per 1,000.

At our farms: 10 cts. for 25; 25 cts. per 100; \$2.00 per 1,000.

Brussels Sprouts

Plant May 20 to August 1

Long Island. Fine, sure-heading type producing dependable crops of firm, shapely little heads of exactly the right size.

Postage prepaid: 20 cts. per doz.;
50 cts. per 100; \$1.50 for 500;
\$2.50 per 1,000.

Express or Parcel Post, f.o.b.
Sewell: \$1.50 per 1,000.

At our farms: 10 cts. per doz.;
25 cts. per 100; \$1.50 per 1,000.

Cauliflower

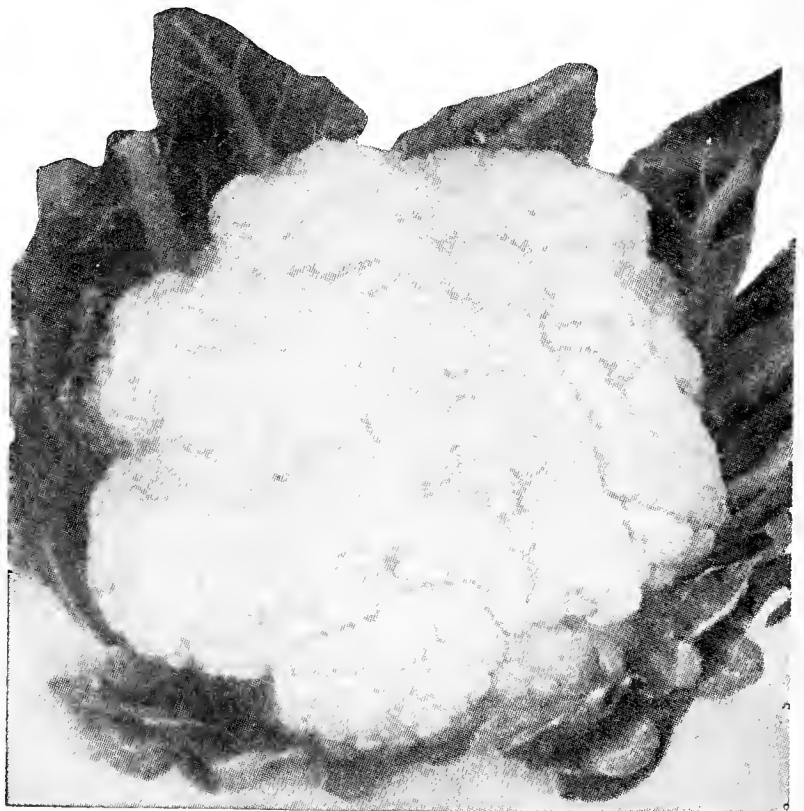

Plant May 15 to August 1

Early Snowball. Best of all varieties for market growing because of its resistance to the heat which sometimes occurs in early summer.

Postage prepaid: 25 cts. per doz.;
60 cts. per 100; \$2.00 for 500;
\$3.50 per 1,000.

Express or Parcel Post, f.o.b.
Sewell: \$3.00 per 1,000.

At our farms: 10 cts. per doz.;
30 cts. per 100; \$3.00 per 1,000.

Early Snowball Cauliflower

A partial view of 27 acres of Late Cabbage Plants

Cabbage Plants *Plant May 10 to August 10*

Every year we grow large fields of Cabbage plants for kraut packers' and farmers. We have shipped as many as 1,500,000 Cabbage plants in five days. Several sowings are made throughout the season in order to have plants the right age at any time during the season. We make it a point to have as healthy plants as possible and have all the leading varieties. We would advise gardeners to set out Cabbage plants two or three times—early varieties in May, second-early or late in June, late varieties in July.

Golden Acre. This is the most popular early variety. Heads are of good size, perfectly round, solid, and very uniform and compact, having few outer leaves, which permits close planting. We have a very good strain from a reliable grower.

Early Jersey Wakefield. A very early, pointed-head Cabbage, compact and erect, with few outer leaves. Stem short; heads medium-sized.

Charleston Wakefield (Large Wakefield). Similar to Jersey Wakefield except about one week later. Heads larger and not as sharply pointed.

Winnigstadt. A good early variety. Very sharp-pointed heads. Used for early planting and also for planting late in July and August.

Allhead Early. This is a great Cabbage and one of our best sellers. Head hard, slightly oval to flat in shape. One of the most used by kraut packers. We have sold millions of this variety to growers for kraut factories.

Copenhagen Market. An extra-early, good, round-heading, hard Cabbage, about one week later than Golden Acre.

Marion Market. A round-heading, hard Cabbage. Yellows resisting.

Early Summer. An early flat-head variety.

Surehead. Large, popular, flat-head, late variety.

Succession. A second-early with roundish, slightly flat, solid head. Good kraut Cabbage.

Early Flat Dutch. Similar to Late Flat Dutch but earlier and smaller.

Glory of Enkhuizen. Hard-heading, second-early, fine-grained. One of the best for kraut.

Danish Ballhead. Tall stem. A very hardy, sure-heading, heavy variety which has proved to be one of the best keepers. A desirable Cabbage.

Danish Roundhead. Short stem. Very good late variety. Heads are not quite as large as the Ballhead. Solid and also a good keeper.

Late Flat Dutch. Enormous, flat head. Should be planted early in July as it requires a full season to head hard. Best late variety and also best winter keeper.

Perfection Drumhead Savoy. The crumpled-leaf variety, producing large heads. Should be planted in June, July, or August.

Red Haco. An extra-early deep dark red.

Red Rock. Hard-heading red variety and later than the Haco.

PRICES: Postage prepaid: 20 cts. for 25; 40 cts. per 100; \$1.25 for 500; \$1.75 per 1,000.
Express or Parcel Post, f.o.b. Sewell: 5,000 lots or more, \$1.00 per 1,000.
At our farms: 10 cts. for 25; 20 cts. per 100; 50 cts. for 500; \$1.00 per 1,000.

Celery Plants

Plant June 15 to August 15

Ledden Golden Self-blanching. The most popular and one of the best of all early varieties. For the past few years our stock has produced Celery of unexcelled quality and perfect growth. Everyone should raise this excellent variety.

Golden Plume. A self-blanching Celery developed from Golden Self-blanching. Has been pronounced by authorities to be the best early variety. Blanches quickly and is very healthy.

Sanford Easy-blanching. This good variety comes a little later than Golden Self-blanching and requires longer banking to blanch. Vigorous in growth and a splendid keeper.

White Plume. An early Celery with beautiful white leaves in center. Blanches pure white. Liked by some better than Golden Self-blanching.

Giant Pascal. Grows large and is the leading late variety. Stalks are broad, thick, and solid. Extra good eating Celery; very brittle.

Winter King. A strong grower and one of the best keepers. Blanches white when banked.

Postage prepaid: 30 cts. for 50; 50 cts. per 100; \$2.00 for 500; \$3.50 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$3.00 per 1,000.

At our farms: 20 cts. for 50; 30 cts. per 100; \$1.50 for 500; \$3.00 per 1,000; 10,000, \$2.50 per 1,000.

Golden Plume Celery

Black Beauty Eggplant

Eggplant

Plant May 15 to June 30

Black Beauty. The spotted plants do not carry well by Express or Parcel Post. If you live near enough to come on train, you can carry them in handle baskets or they can be taken in auto or wagon. If you live at a distance and cannot come for them, we advise taking pulled plants.

FOR SPOTTING: \$3.00 per 1,000, f.o.b. Sewell.

PULLED SASH-GROWN, ready June 1 to July 15. Postage prepaid: 25 cts. per doz.; 75 cts. per 100; \$5.00 per 1,000.

SPOTTED, ready May 20 to July 1, in 5-inch blocks, at our greenhouses: 50 cts. per doz.; \$4.00 per 100; \$30.00 per 1,000.

Five Large Greenhouses for Early Plants

World Beater Pepper

Pepper Plants

Plant May 10 to July 20

World Beater. This great Sweet Pepper wins praise wherever it is grown. The large plants are loaded with enormous Peppers excellent for slicing or filling.

We grew 18 Peppers that filled a basket and took first prize at Granger's Fair at Alcyon Park at Pitman, N. J.

California Wonder. A new and very good variety. Meat very thick and dark green, turning crimson. The heaviest and thickest Pepper on the market today. Highly recommended.

Ruby King. An extra-good early variety, earlier than World Beater. Heavy cropper.

Hot Bull Nose. An extra-good, hot, blunt variety. Heavy yielder.

Tomato or Squash Pepper. A round, sweet variety.

Long Red Cayenne. A red-hot variety used for pickling, drying, etc.

PULLED SASH OR FIELD-GROWN

Ready May 20 to July 20.

Postage prepaid: 20 cts. per doz.; 60 cts. per 100; \$2.00 for 500; \$3.50 per 1,000. Express or Parcel Post, f.o.b. Sewell: \$3.00 per 1,000.

At our farms: 10 cts. per doz.; 30 cts. per 100; \$2.50 per 1,000.

PLANTS FOR SPOTTING

Ready March 25 to April 25, f.o.b. Sewell: \$3.00 per 1,000.

Sweet Potato Plants *May 1 to June 20*

Yellow and Red. Parcel Post prepaid: 50 cts. per 100; \$2.00 for 500; \$3.50 per 1,000. By Express or Parcel Post, f.o.b. Sewell: \$3.00 per 1,000.

Lettuce Plants

Plant May 15 to June 15

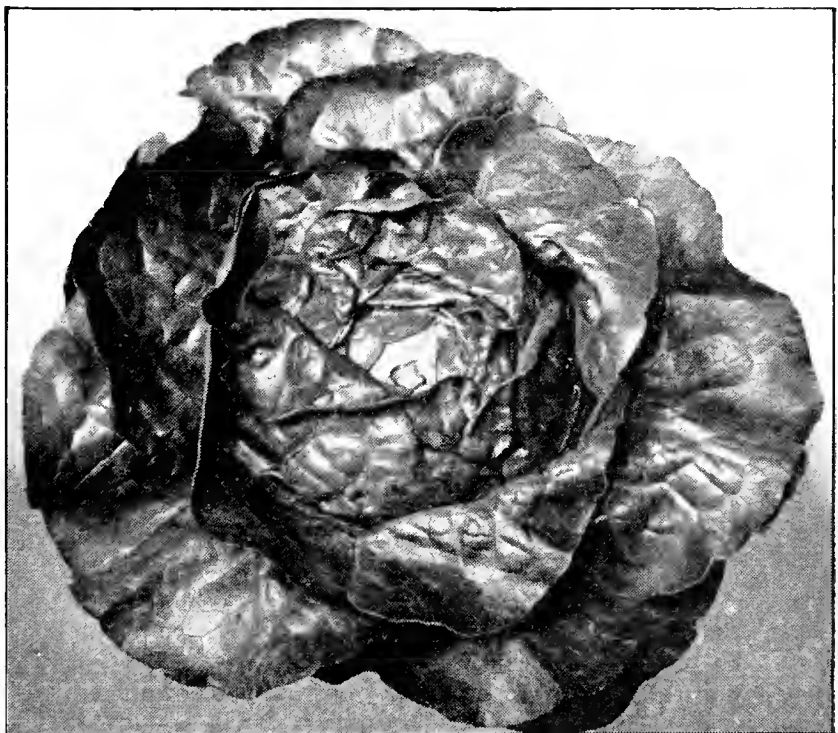

Big Boston. Very large, compact heads of light green leaves lightly bronzed at edges. Popular, early variety.

Iceberg. Medium size, crisp, compact heads with creamy hearts. Large, crumpled, medium green leaves with wavy edges.

Postage prepaid: 15 cts. for 25; 40 cts. per 100; \$1.25 for 500; \$2.00 per 1,000.

At our farms: 10 cts. for 25; 25 cts. per 100; \$1.00 for 500; \$1.50 per 1,000.

Remember that only first-class plants from carefully selected seeds will be sent out.

Big Boston Lettuce

For Best Certified Marglobe Tomatoes, use our plants

Farming Tomato plants early in May

Tomato Plants *Plant May 1 to July 30*

Tomato plants are our greatest specialty, and we believe we are the largest growers of Tomato plants in the United States. Canneries and large growers in New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, Ohio, Indiana, and Illinois obtain their plants from us every year. We have had single orders for a million plants and many unsolicited testimonials say, "Your plants were good and the Tomatoes produced from them were the best received at the factory."

Our plants are grown from seed treated with Semesan, and we give quick service when plants are right size.

Certified Marglobe. The leading variety and used as the main crop by almost all large growers. Seventy per cent of our sales on Tomato seed is the Marglobe. A second-early, solid, very meaty, thick red Tomato, that ripens well up to the stem, making it very desirable for canning or table use. Heavy yielder. All of our Marglobe plants are grown from New Jersey State Certified Seed.

Pritchard (Scarlet Topper). This is a new variety introduced by Dr. Frederick J. Pritchard, of the U. S. Department of Agriculture. A heavy-yielding variety, about 10 days earlier than Marglobe. Vines are not as rugged as Marglobe and do not hold up throughout the season.

Greater Baltimore. An extra-good main-crop red Tomato.

Matchless. Large, extra-good market sort. A good Tomato for factories that pack whole Tomatoes, or good for market. Tomatoes are large, solid, and red.

Improved Stone. An extra-good heavy Tomato for canning or slicing.

Bonny Best. Second-early variety that is liked by canners that grind their Tomatoes for soups or catsups, as the fruits ripen to the stem and also have a beautiful red color when ground. Tomatoes grow in clusters.

Ponderosa. A large purple Tomato, used in gardens.

Acme. Early purple Tomato.

Yellow Plum. Used for preserving.

We will grow your plants for you from your own seed.

We also have a large quantity of sash-grown Tomato plants. Price quoted when these are ready, about May 15 to 25.

Pulling Tomato Plants

TOMATO PLANTS FOR SPOTTING, ready March 20 to April 20—Spark's Earliana, Marglobe, Improved Stone, Bonny Best, and Pritchard (Scarlet Topper), \$2.50 per 1,000, f.o.b. Sewell.

FIELD-GROWN TOMATO PLANTS always give the best satisfaction.

Parcel Post prepaid: 20 cts. for 25; 40 cts. per 100; \$1.50 for 500; \$2.00 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$1.00 per 1,000.

SPOTTED TOMATO PLANTS, ready about May 10—Earliana and Marglobe, at our greenhouses, 50 cts. per doz.; \$3.00 per 100; \$25.00 per 1,000. These do not carry well by Parcel Post or Express, but can be carried in baskets by auto or wagon.

Asparagus Roots *Plant March to April*

One or two years are saved by planting roots. A bed 12 x 40 feet requires 100 roots, which would supply a family; 5,000 roots to an acre in 4-foot rows.

Mary Washington. The best variety. Extra-strong 2-yr. roots, postage prepaid: \$1.25 per 100; \$8.00 per 1,000.

Express or Parcel Post, f.o.b. Sewell: \$7.00 per 1,000.

Special prices on larger quantities.

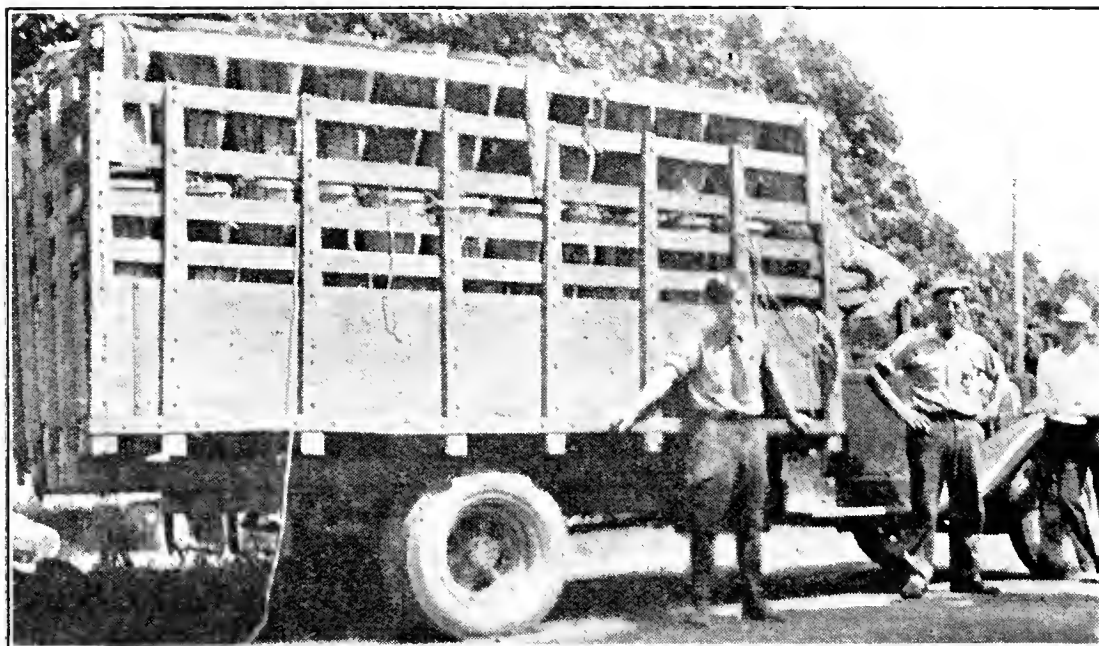

Rhubarb Roots *Plant March and April*

Victoria. An extra-good market sort with large, beautiful red and reddish green stalks.

Extra-large roots, postage prepaid: \$1.25 per doz.; \$8.00 per 100.

Express, f.o.b. Sewell: \$40.00 per 1,000.

At our farms: 50 cts. per doz.; \$4.00 per 100; \$30.00 per 1,000.

Truck-load of 200,000 Tomato Plants going to Maryland

A field of Tomatoes on one of our farms

Vegetable Seeds

We list 200 of the leading and best varieties of seeds and take greatest care to secure only the best strains. Our seeds are grown especially for us by the most reliable growers in various parts of the world, so that it may be produced in the section that is best suited for the variety. For example, our Lima Beans are grown in California; Beans, in Idaho; Cantaloupe, in Colorado; Corn, in Connecticut; Spinach, in Holland; Onion sets, in Illinois, etc. Contracts with growers are placed twelve to eighteen months before the seed is to be delivered or before the seed-grower plants the seed stock. This is done to secure only fresh and highest quality seeds for our customers.

Orol Ledden, Sr., who has devoted thirty years to the seed business and has been a plant-grower all his life, probably is better acquainted with the farming industry and the gardener's problems than any other man in the seed business today. We say this because he was born and reared on a large farm in Gloucester County, New Jersey; his father was a farmer and grew plants and seeds. He owns and operates two large farms and other farmland totaling about 300 acres. He has experimented with all of the varieties of vegetable seeds listed in this book, has grown them on a commercial scale. He is therefore well acquainted with their individual characteristics.

We endeavor at all times to secure the highest quality seeds obtainable and to offer these high standard seeds at minimum prices. No seed is allowed to be sold that we know is poor in germination or in any way inferior.

Pries quoted on Beans, Corn, Onion Sets, and Peas include postage or express charges prepaid on quantities up to 15 pounds. Quarter bushels or more of seeds mentioned are quoted f.o.b. Sewell, N. J. On all other seeds, postage, express, or freight charges are prepaid by us to your address. This enables our many mail-order customers to secure Ledden's Seeds at no extra cost. No charge is made for packing or package except for 2-bushel seamless bags, which will be charged at 30 cts. each.

Half-ounce sold at ounce rate; 1/2 pound sold at pound rate; 1/4 or 1/2 bushel sold at bushel rate.

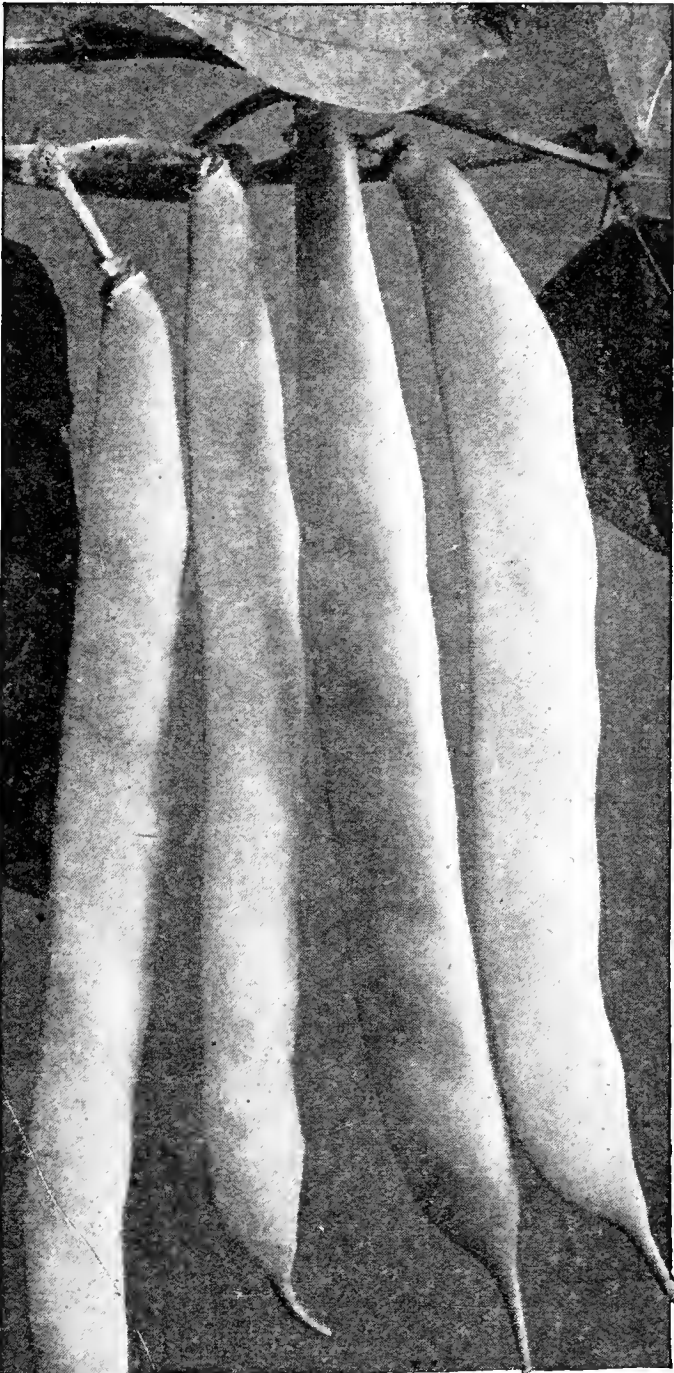

Asparagus *Sow in April*

Mary Washington. The best variety of Asparagus. It is a selected strain, earlier and more vigorous than other varieties, producing fat, delicious stalks abundantly and regularly. This is the famous rustproof variety produced after many years' effort, and is completely free from rust and other fungous diseases which harass the life of many Asparagus growers. Quality is of the highest.....	Oz.	Lb.	5 lbs. per lb.

Fordhook Bush Lima Beans

Bush Lima Beans (California-grown)

Sow from May 1 to July 15

Fordhook. We have a reputation for handling a better grade of Fordhook Bush Limas than most seed-houses. Our Beans are all hand-sorted, extra large, good croppers, and almost free from cracked Beans. We supply a number of the largest growers, some of whom plant as many as 40 acres of Fordhook Bush Limas, and have been buying their seed supplies from us for twenty years. Our stock is especially grown for us in California by a leading grower who specializes in this variety. Requires 76 days from sowing to date of maturity. Lb. 25 cts.; 10 lbs. or more, 20 cts. per lb.; bus. (60 lbs.) \$9.00.

Burpee's Improved. A flat-pod Lima, which has steadily advanced in popularity for both home-growing and market use. It bears uniformly larger pods than the original Burpee's Bush Lima, which contain even thicker Beans that remain green after they become dry. The compact, bushy plants are very prolific, bearing huge pods in clusters of 5 to 7. Individual pods average 5 inches long or more, and carry up to 6 large, flat Beans which are thin-skinned and wholly satisfying in their delicious flavor. Its popularity is second only to Fordhook Bush Lima offered above. Matures in 75 days from sowing. Lb. 25 cts.; 10 lbs. or more, 20 cts. per lb.; bus. (60 lbs.) \$9.00.

Pole Beans *Sow from May 15 to July 1*

	Lb.	Bus. (60 lbs.)
Improved Pole Lima or Challenger. Very productive vines, bearing pods 4 inches long containing 4 or 5 large, meaty Beans. Matures in 89 days. . . .	\$0 25	\$12 00
King of the Garden Lima. Strong-growing vines bearing large pods with handsome, delicious Beans loosely packed. Matures in 84 days.	25	12 00
Green-seeded Pole Lima. Popular variety, bearing bunches of long pods with 4 or 5 thick green Beans of high quality. Matures in 84 days.	25	12 00
Kentucky Wonder. Greed pod. Vigorous vines with huge bunches of green pods 7 to 9 inches long. Excellent for table when young. Very prolific and profitable. Ready in 68 days from sowing.	20	10 20

Broccoli *Sow in April*

	Oz.	Lb.
Christmas Calabrese. This vegetable is becoming more popular each season. Develops a central head like cauliflower, which is cut and used. Sprouts can be cut from the lateral branches until October.	\$0 30	\$4 00
Rapa. Produces small green heads which are cut and bunched the same as sprouting Broccoli.	20	1 50

Brussels Sprouts

	Oz.	Lb.
Long Island Improved. Choice, selected variety, very popular in markets, always fetching a good price. Compact growth, producing an abundance of solid, well-flavored Sprouts. Very profitable	\$0 25	\$2 50

Largest Growers and Shippers of Vegetable Plants in New Jersey

Beets

Sow from March 20 to July 20

- Crosby's Egyptian.** One of the most popular of early varieties. Dark red, of globe shape, 3 inches in diameter, with small, compact tops. Good for bunching. Quality very fine, smooth texture, very sweet and tender. Matures in 45 days from sowing. Oz. 10 cts.; lb. 75 cts.; 5 lbs. or more, 70 cts. per lb.
- Detroit.** A dark blood-red, second-early or main-crop variety good for garden or field. Can be bunched or basketed. Roots round, of excellent color, averaging 2½ to 3 inches in diameter, and are very fine-grained, with a smooth skin and a delicate flavor. Matures in 52 days. Oz. 10 cts.; lb. 75 cts.; 5 lbs. or more, 70 cts. per lb.
- Early Wonder.** Early. Globe shape; blood-red. Highly recommended. Matures in 48 days. Oz. 10 cts.; lb. 75 cts.; 5 lbs. or more, 70 cts. per lb.
- Boston Crosby.** Attractive and popular variety selected from Crosby's Egyptian. Uniform in size, of high flavor. Very popular. Matures in 45 days. Oz. 10 cts.; lb. 75 cts.; 5 lbs. or more, 70 cts. per lb.
- Half-Long Blood or Bastian Half-Long.** Matures in 60 days. Oz. 10 cts.; lb. 75 cts.; 5 lbs. or more, 70 cts. per lb.
- Mangel Wurzel, Mammoth Long Red.** Very large field-crop which yields immense tonnage per acre. Flesh is white, tinged red. For cattle and poultry. Oz. 10 cts.; lb. 50 cts.; 5 lbs. or more, 45 cts. per lb.

Early Wonder Beet

Cauliflower Sow in April and May

- Early Snowball.** The best early sort. Heads large and compact. Always a good cropper, even in hot weather. Matures in about 55 days. \$1 00 \$16 00
- Super-Snowball.** A recent selection of an improved type from Early Snowball. Matures in same time, about 55 days. 1 50 20 00

Turnip

Sow March or April for spring crop;
July or August for fall crop

Aberdeen Green-Top Yellow Globe.
A medium-sized root, rather late-
maturing. Fine pale yellow, globe-
shaped, with a short green crown.
Oz. 10 cts.; lb. 50 cts.

Aberdeen Purple-Top Yellow Globe.
Similar to Green-Top Yellow Globe,
except that the crown is purple. Oz.
10 cts.; lb. 50 cts.

Golden Ball. An excellent golden
yellow, ball-shaped Turnip which
does not grow very large. Oz. 10 cts.;
lb. 50 cts.

**Mammoth Purple-Top White
Globe.** Large, globe-shaped Turnip
with a purple crown and the rest pure
white. This is the most popular of
all Turnips and the quickest grower.
This is much used for broadcasting
in corn or with grass. Oz. 10 cts.; lb.
50 cts.

Shogoin or Japanese Foliage. Serves
a dual purpose. The long, strap-
shaped leaves are used as "greens,"
and the white globe-shaped root for
cooking. Very resistant to blights
and pests of all kinds. Oz. 10 cts.;
lb. 50 cts.

Seven-Top. The abundant tops are used for greens in the manner of spinach, making
a delicious dish, while the roots may be cooked as ordinary Turnips. Oz. 10 cts.; lb. 50 cts.

Border of Cannas

Canna

We have made a specialty the past few years of growing quite a quantity of the most popular large-flowering varieties of Cannas. We offer both the bulbs and the potted plants (potted in 3½-inch pots and ready during May, June, and July) at very attractive prices.

President. Large, brilliant scarlet blooms. Glossy green leaves. This is probably the most popular variety because of its excellent habit and brilliant shining color. Height 4 feet.

Yellow King Humbert. Large, golden yellow flowers, dotted with red spots. Leaves are light green. An old timer but scarcely to be surpassed by more modern varieties which have challenged its supremacy. Height 4½ feet.

Richard Wallace. Canary-yellow; large and showy flowers. Green foliage. Strong stems. Height 4½ feet.

Meteor. Bright red flowers. Glossy green leaves, similar to President. A good bedding variety. About 3 feet high.

Wyoming. Large spikes of orange flowers. Dark bronze leaves. One of the tallest varieties suitable for back rows or the center clumps of large plantings. Height 6 feet.

Golden Eagle. Golden yellow flowers. Green leaves. Makes a fine massed bed, of a brilliant shade effective in sunlight. Height 4 feet.

Gladiator. Yellow flowers, splashed with red. Light green leaves. The bizarre, oriental coloring is most attractive. Height 4 feet.

Cheerfulness. Beautiful light red flowers with orange centers and an orange edge. Green leaves. Height 4 feet.

Apricot. Light pink with buff-yellow base. Bright green leaves. Height 3½ feet.

Eureka. Creamy white flowers. Green leaves. This is the only really good white variety known. It is the rarest and most difficult color in Cannas. Height 4 feet.

Red King Humbert. Dark red flowers. Glossy deep brown leaves. Height 4 feet.

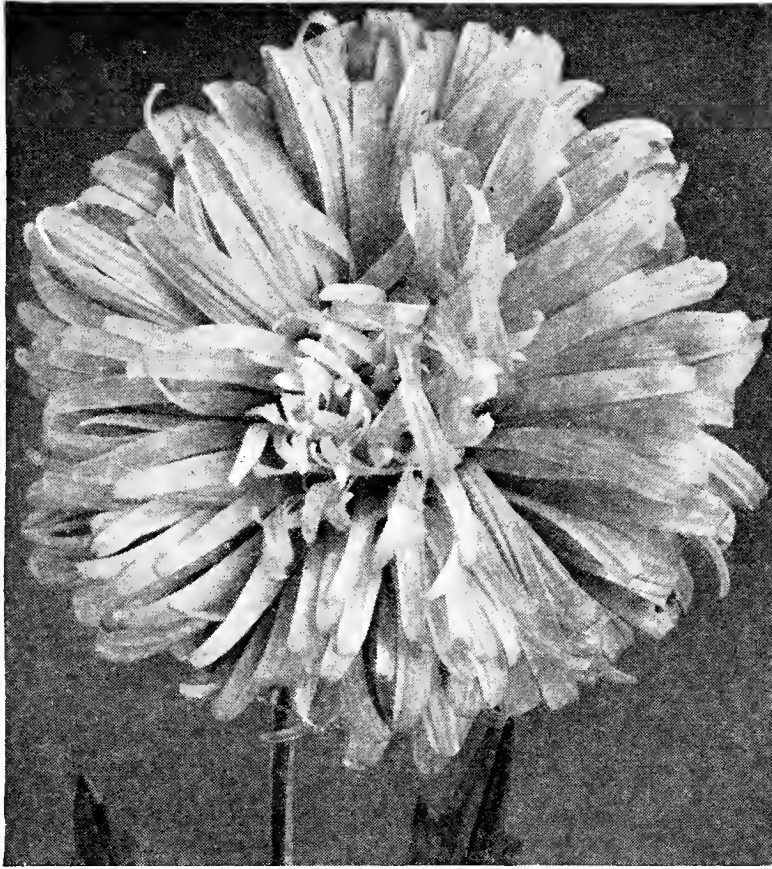

Orange Bedder. Orange flowers. Green leaves. A dwarf bedder. Height 3½ feet.

BULBS: 5 cts. each; 50 cts. per doz.; \$4.00 per 100; \$35.00 per 1,000, f.o.b. Sewell, N. J. 10 cts. each; 75 cts. per doz.; \$5.00 per 100; \$40.00 per 1,000, postage or express prepaid.

PLANTS: 10 cts. each; 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1,000, f.o.b. Sewell, N. J. 15 cts. each; \$1.25 per doz.; \$10.00 per 100, postage prepaid.

Dahlia Roots

These are roots of our own growing, choice varieties, mixed, containing Cactus, Decorative, and selected sorts, our selection, postage prepaid. 25 cts. each; \$2.00 per doz.

Crego Aster

Annual and Perennial Flower Seeds

ASTER, Giant Crego, Mixed. Beautiful, long-stemmed flowers of lacy form like Japanese Chrysanthemums. Shades of crimson, rose, violet, pale blue, pink, white, etc. $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.

ALYSSUM, Carpet of Snow. Low, creeping plant about 3 inches high, covered with heads of tiny, fragrant white flowers all summer. Much used for edging, window-boxes, etc. $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

Saxatile, Basket of Gold. Perennial. Gray-green foliage and half-shrubby plants covered with a mass of bright yellow flowers in spring. Good for rock-garden. $\frac{1}{4}$ oz. 20 cts.; oz. 60 cts.

BALSAM, Brilliant Mixed. Quick-growing, hot-weather annuals with single and double waxy flowers of curious shape all up the stems. Scarlet, crimson, pink, white, and many intermediate and variegated shades. $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

CALENDULA, Ball's Orange. Very popular cut-flowers. Long stems. Big, circular blooms of many petals. Vivid orange-yellow. $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

CANDYTUFT, Mixed. Pretty cutting annual about a foot high with spikes of flowers of various shades of pink, white, red, and purple. Blooms quickly from seed in early summer. $\frac{1}{4}$ oz. 10 cts.; oz. 30 cts.

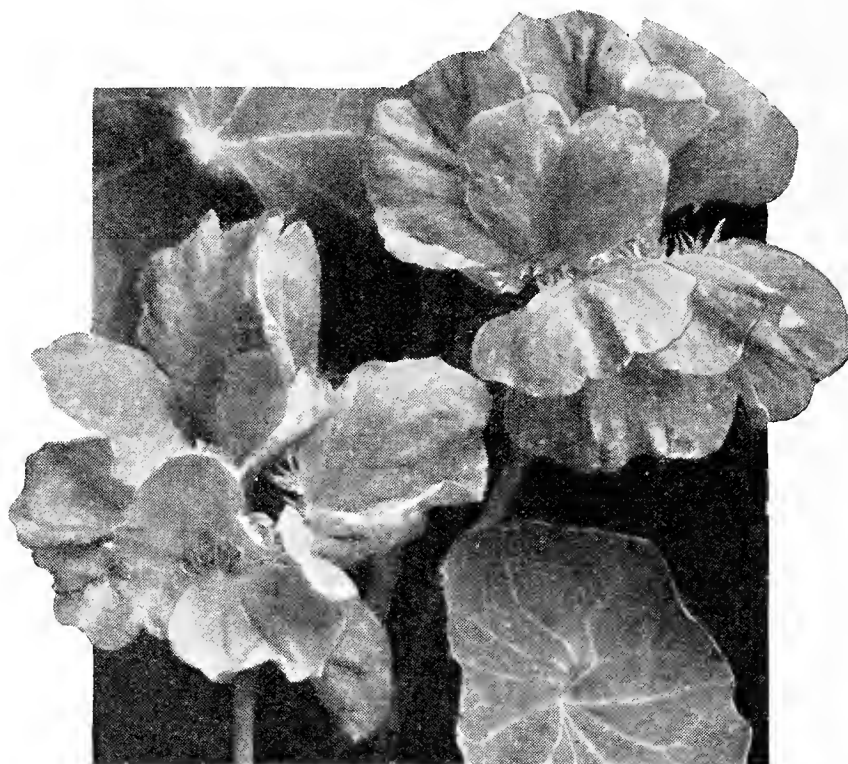

CENTAUREA cyanus (Cornflower; Bachelor's Button). Popular for cut-flowers and buttonholes. Blue, pink, red, white, etc. $\frac{1}{4}$ oz. 10 cts.; oz. 30 cts.

COSMOS, Mammoth Late Mixed. Tall plants with handsome feathery foliage, and long-stemmed flowers of pink, white, and crimson. Much used for cutting. $\frac{1}{4}$ oz. 10 cts.; oz. 30 cts.

COXCOMB, Dwarf Red. Almost everlasting, curious flowers for garden decoration or cutting. $\frac{1}{4}$ oz. 30 cts.; oz. \$1.

DELPHINIUM belladonna. Graceful spikes of sky-blue flowers for cutting. $\frac{1}{4}$ oz. 50 cts.; oz. \$2.

Bellamosum. A rich deep blue form of Belladonna. $\frac{1}{4}$ oz. 50 cts.; oz. \$2.

Double Nasturtium, Golden Gleam

ANNUAL AND PERENNIAL FLOWER SEEDS, continued

GYPSOPHILA elegans (Baby's Breath). Large-flowered white variety. Useful cut-flower. Sow often. $\frac{1}{4}$ oz. 10 cts.; oz. 30 cts.

HELICHRYSUM (Strawflower), **Double Mixed**. Flowers with chaff-like petals of very brilliant colors. When cut and hung upside down, to keep the stems straight, they dry perfectly and may be used to make very showy and colorful winter bouquets. $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

LARKSPUR, Dwarf, Double, Mixed. Spikes of rose-pink, violet, red, and white flowers. $\frac{1}{4}$ oz. 10 cts.; oz. 30 cts.

LOBELIA, Crystal Palace. Edging annual. Useful for pots and window-boxes. Flowers bright blue. $\frac{1}{4}$ oz. 30 cts.; oz. \$1.

MARIGOLD, African Double, Tall, Mixed. Well-known, strong-scented annuals with very double, perfectly symmetrical flowers of lemon-yellow and orange. $\frac{1}{4}$ oz. 15 cts.; oz. 40 cts.

French Dwarf, Double, Mixed. Yellow, orange, and brown. $\frac{1}{4}$ oz. 20 cts.; oz. 60 cts.

MOONFLOWER. Vigorous vine with huge salver-shaped white flowers open at night. $\frac{1}{4}$ oz. 10 cts.; oz. 35 cts.

MORNING-GLORY. Superb vine for arbors, windows, etc. All colors. Oz. 10 cts.

NASTURTIUM, Double Golden Gleam. The wonderful new, sweet-scented, double, golden yellow Nasturtium which has captured the fancy of the gardening world. The beautiful, long-stemmed flowers last for many days when cut. Oz. 30 cts. lb. \$3.00.

Tall, Mixed. Fine old type with single flowers in many brilliant colors, ranging from deepest velvety crimson to pale yellow. Plants are almost climbing in habit. Oz. 10 cts.; lb. \$1.00.

Dwarf, Mixed. Very floriferous, dwarf type which seldom grows more than a foot tall. Blooms all season. Much used for edging beds and walks. Oz. 10 cts.; lb. \$1.00.

PETUNIA, Hybrid Single, Mixed. Favorite, fragrant flower of low habit for window-boxes, potting, bedding or any general garden purpose. Blooms all season. $\frac{1}{4}$ oz. 15 cts.; oz. 50 cts.

Rosy Morn. Finest pink variety. $\frac{1}{4}$ oz. 30 cts.; oz. \$1.

PHLOX Drummondii, Large-flowered. Extremely showy hot-weather annuals with large heads of showy flowers of many brilliant shades of red, scarlet, crimson, pink, lilac, lavender, purple, violet, cream, white, and interesting "eyed" and variegated sorts. Blooms all summer. $\frac{1}{4}$ oz. 20 cts.; oz. 75 cts.

Largest Growers and Shippers of Vegetable Plants in New Jersey

ANNUAL AND PERENNIAL FLOWER SEEDS, *continued*

- PORTULACA, Single, Mixed.** Moss-like, trailing plants for dry, hot banks or beds. Much used for edging. Bright flowers like small single roses in red, yellow, orange, white, and related shades. $\frac{1}{4}$ oz. 15 cts.; oz. 50 cts.
- RICINUS** (Castor Oil Bean). Huge, tropical-looking plants; handsome foliage and interesting clusters of bun-like seeds. Quick growing. Very showy. $\frac{1}{4}$ oz. 10 cts.; oz. 20 cts.
- SALVIA, Bonfire** (Searlet Sage). Showiest of garden annuals, used by the mile in park plantings and for bold, showy effects. The reddest of all red-flowering annuals. $\frac{1}{4}$ oz. 30 cts.; oz. \$1.00.
- SUNFLOWER, Giant.** Bold plants of sturdy habit with huge, wheel-like yellow flowers. Grown chiefly as a feed-crop for poultry. $\frac{1}{4}$ lb. 10 cts.; lb. 25 cts.
- SWEET PEA, Spencer, Mixed.** Very lovely and deliciously fragrant cut-flowers of many delicate tints and color variations. Plants are quick-growing vines and seed should be sown early. Oz. 10 cts.; lb. \$1.00.
- SWEET WILLIAM, Dwarf, Mixed.** Fragrant, old-fashioned flower of many colors—pink, red, maroon, white. $\frac{1}{4}$ oz. 20 cts.; oz. 50 cts.; lb. \$4.
- Tall, Single, Mixed.** Very showy in the garden and for cutting. All colors. $\frac{1}{4}$ oz. 10 cts.; oz. 30 cts.
- VERBENA, Giant, Mixed.** Excellent low bedding plants with clustered heads of very bright flowers in showy shades of scarlet, pink, crimson, blue, and white. $\frac{1}{4}$ oz. 25 cts.; oz. 80 cts.
- ZINNIA, Dahlia-flowered, Mixed.** Huge, dahlia-like flowers of all colors except blue or violet. Very popular nowadays for garden decoration and used by the thousands for cut-flowers. Easiest of all annuals to grow. $\frac{1}{4}$ oz. 20 cts.; oz. 75 cts.

These are Cash on Delivery prices to farms in Gloucester, Salem, and Camden counties. Prices apply on ton lot or more. We have used and handled these high-grade Fertilizers for the past several years and find that they give the best of satisfaction.

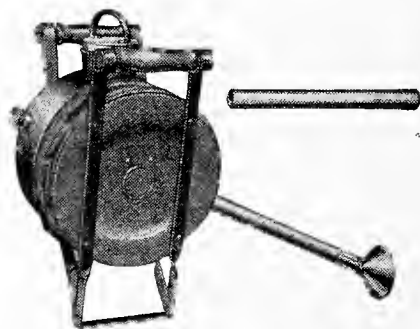

The Savage Duster

This Savage Duster is used for dusting sulphur, calcium, arsenate, nicotine, Bean Beetle Dust, Bordo, and other dry insecticides and fungicides. It does a very thorough job, is easily operated and carried. We recommend this Duster for control of the Mexican bean beetle. **Price, \$18.00. Two-row Attachment, \$3.50.**

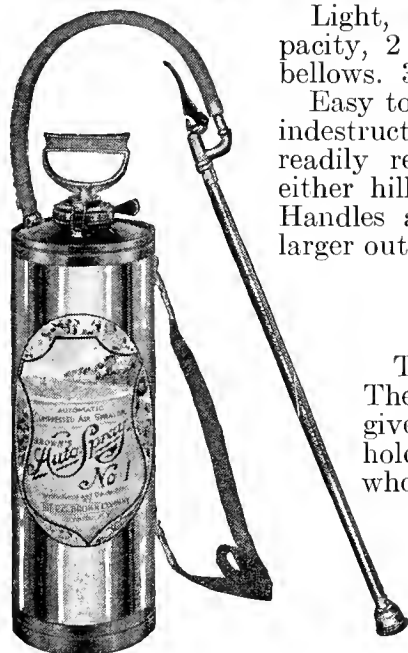

Platz "Green" Hand Duster

New Model

Light, compact, sturdy, efficient. Capacity, 2 to 4 pounds. Large, powerful bellows. 30-inch extension spreader.

Easy to work and regulate. Practically indestructible—wearing parts can be readily replaced. Excellent for dusting either hill crops or underside of foliage. Handles any dust that can be used in larger outfits. **Price, \$7.00.**

The Auto Spray A SELF-OPERATING AUTOMATIC SPRAYER

This machine is one of the strongest and most simple in its parts. The pump is locked by means of a sliding cam, which prevents wear, gives long service and renders all parts instantly accessible. Reservoir holds 4 gallons, but should not be over two-thirds full of solution when ready for spraying. About two pumpings will empty the tank, and the operator has only to direct the spray. For small trees, shrubs, spraying weeds, cattle or whitewashing. It can be carried in the hand or used as a knapsack sprayer.

Planet Jr. Farm and Garden Tools

SEND FOR SPECIAL CATALOGUE FOR FULL DESCRIPTION
AND PRICES

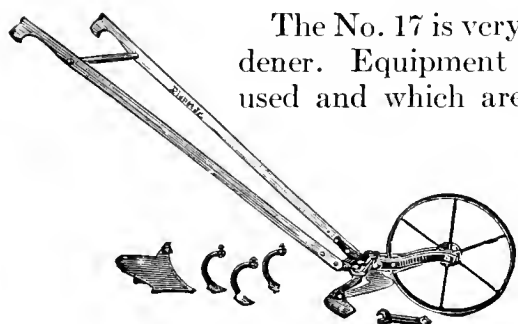

No. 300 Drill Seeder

A plate or disc Seeder for all seeds from the smallest up to and including peas, beans, and corn. Growers of peas and beans will appreciate this Seeder as it does not break the seed and sows with great regularity. Only three plates each with thirteen holes, making ample adjustment for various seeds. Hopper holds 4 quarts and is removable, which makes easy filling and emptying. New weight, 36 pounds. **Price, \$18.75.**

No. 17 Single Wheel Hoe

The No. 17 is very popular with the home gardener and the market gardener. Equipment includes the attachments that are most frequently used and which are the most valuable. They include a pair of 6-inch hoes, three steel cultivator teeth, and a large garden plow. Frame is of steel; steel wheel is 15 inches in diameter. The No. 17 will do in a few hours work that would require as many days with the old hand hoe. It will pay for itself in a short time. **Price, \$7.35.**

Young Cabbage Plants being farmed on our plant farm with Planet Jr. Tools

Planet Jr. Farm and Garden Tools

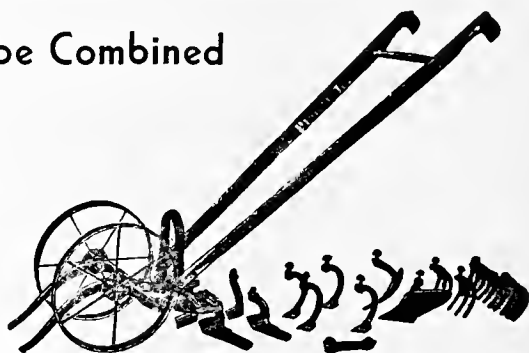

No. 11 Double and Single Wheel Hoe Combined

The most completely equipped Wheel Hoe offered the market gardener or home gardener. Will do the widest range of work and we recommend it for all large gardens and for farmers and others growing a variety of vegetables.

As a Double Wheel Hoe it straddles the row until the plants are 20 inches high, cultivating both sides at one time. Then used between the rows as a Single Wheel Hoe. Cultivating equipment includes a pair of 6-inch hoes, a pair of 4½-inch hoes, 4 steel cultivator teeth, one pair of plows, two 3-tooth rakes, two 5-tooth rakes, two leaf lifters. Steel frame; 14-inch steel wheel. **Price, \$13.00.**

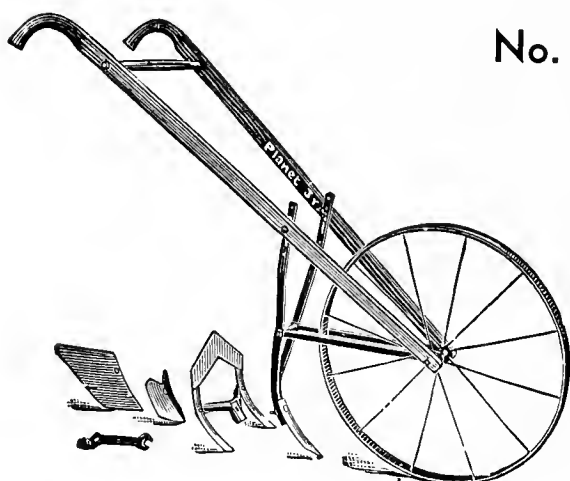

No. 12. Same, less the pair of 4½-inch hoes and the rakes. **Price, \$10.25.**

No. 13. Same, with only one pair of 6-inch hoes as equipment. **Price, \$7.60.**

No. 119 Garden Plow and Cultivator

For the man who wants a high wheel garden Plow and Cultivator but who wants, at the same time, "Planet Jr." quality. Wheel has $\frac{3}{16}$ x $\frac{3}{8}$ -inch steel spikes and is 24 inches in diameter. An easy-running tool for any garden work but particularly where potatoes, corn, field beans or anything in wide rows must be cared for by hand rather than with a horse. Equipment includes a substantial garden plow, a 1¾-inch cultivator tooth, a 4-inch cultivator tooth, and a combination of a pointed scuffle blade and a 2- or 3-tooth cultivator, both on one frame, and reversible.

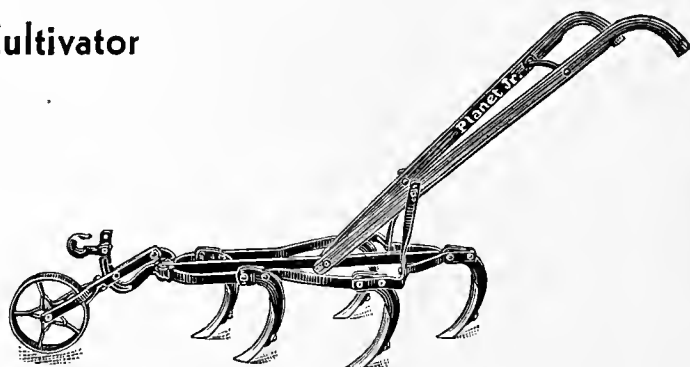

The 1¾-inch tooth shown on Cultivator can be attached between the two teeth shown on attachment directly behind. **Price, \$3.65.**

No. 100 Plain Cultivator

Built to give the best possible results in light sandy soils. The No. 100 is very light and easy to handle and at the same time it is built of the very best material and will last a regular "Planet Jr." lifetime. We unhesitatingly recommend this machine to all growers working crops on light, sandy soils. Turning shovels and shovel steels may be used.

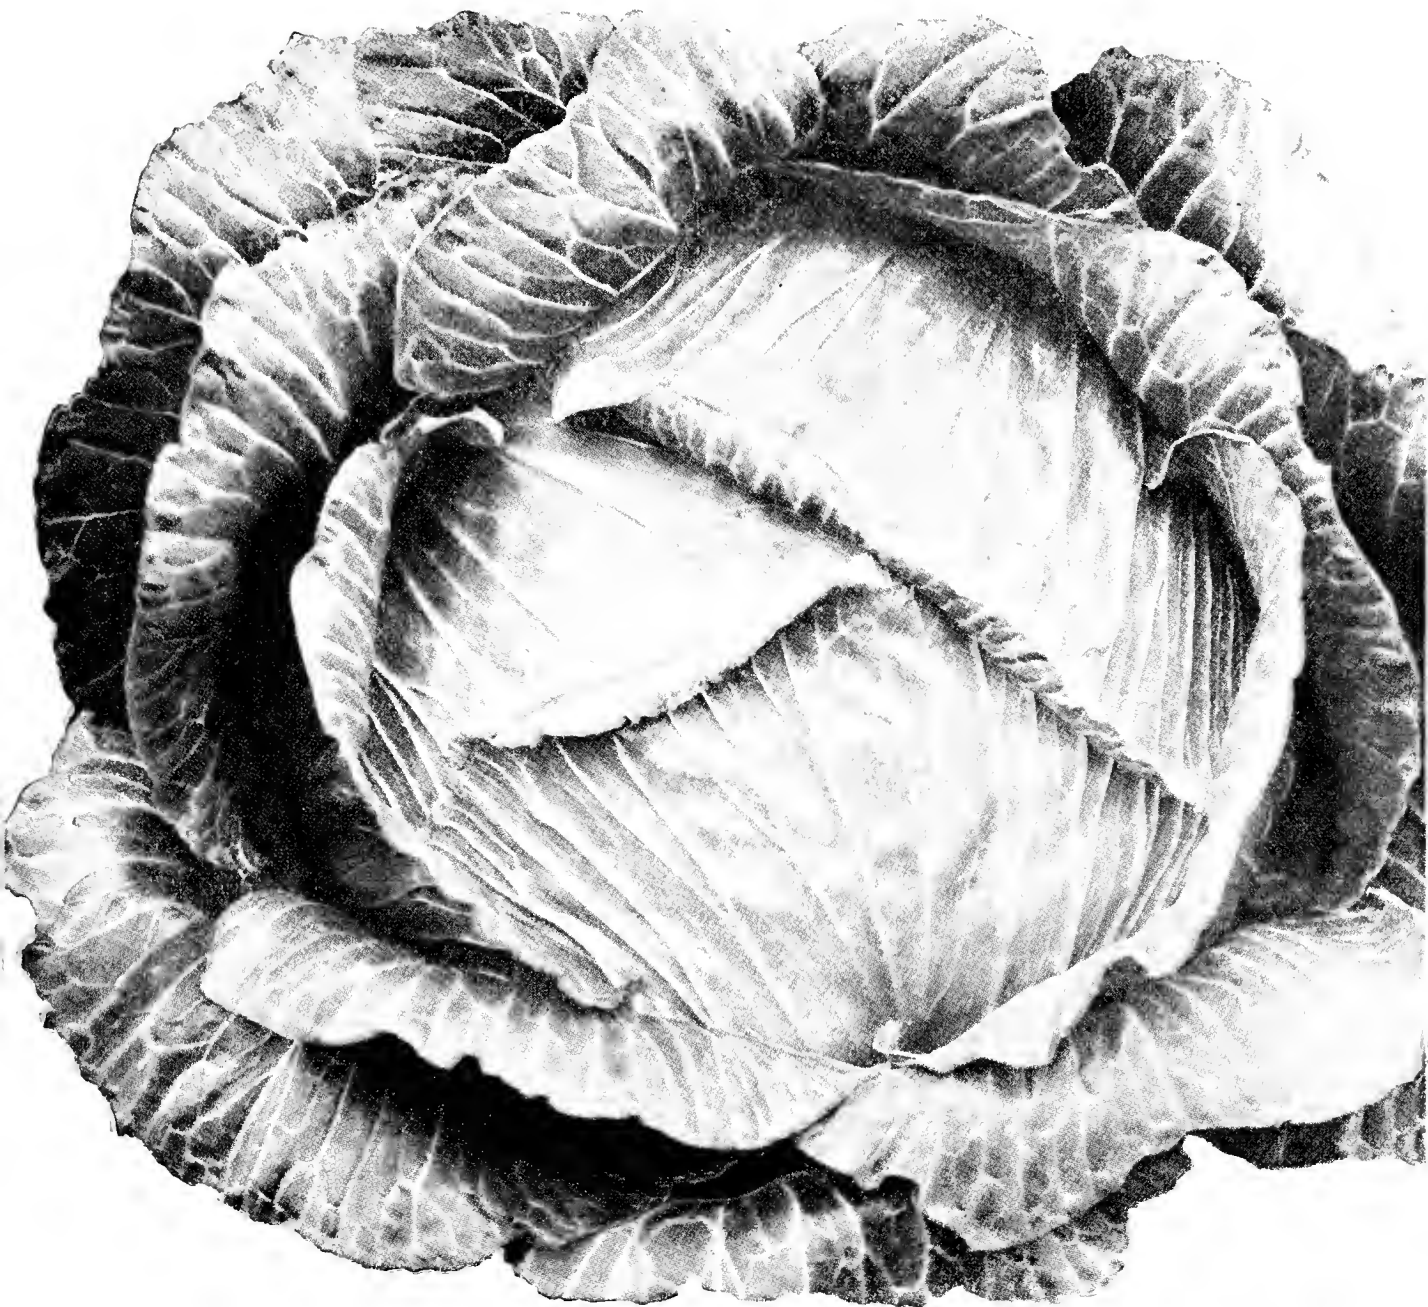

They are furnished as extras. Useful for making furrows; afterwards for covering up; also for plowing and hilling as much or little as desired. **Price, \$8.35.**

No. 100-D. Same, less the wheel. **Price, \$6.75.**

Planet Jr. specially hardened Cultivator Teeth, Sweeps, Hillers, Furrowers, Turning Shovels, Bolts, etc., in stock at all times

We carry a line of parts, including Shares, Landsides, Moldboards, etc., for John Deere, Southbend, Oliver, Imperial, Syracuse, Ferguson, and other Plows

ALLHEAD EARLY CABBAGE

The largest of all early Cabbages, with deep, flat, solid heads of uniform color, size, and form. Always reliable.

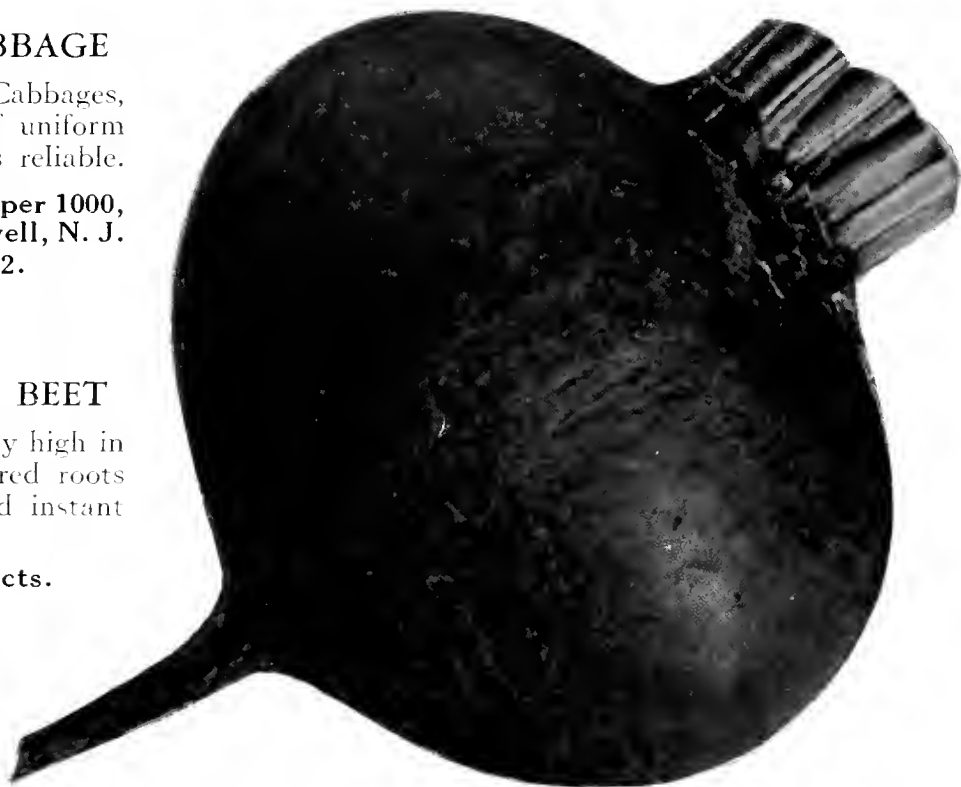

Plants, 40 cts. per 100; \$1.75 per 1000, postpaid. \$1 per 1000 at Sewell, N. J.

Seed, oz. 25 cts.; lb. \$2.

DETROIT DARK RED BEET

Attractive and exceptionally high in quality. The globular, dark red roots mature quickly and command instant favor in the market.

Seed, oz. 10 cts.; lb. 75 cts.

TOMATO

Certified Marglobe

An extremely popular, well-tested Tomato, remarkably resistant to rust and wilt diseases. The fine, globular fruits are pure scarlet-red of a most attractive shade. It matures early and yields abundant crops. All of our stock is New Jersey State Certified Seed.

Plants, 40 cts. per 100; \$2 per 1000, postpaid.

\$1 per 1000 at Sewell, N. J.

Seed, oz. 25 cts.; lb. \$3, postpaid

PEPPER, *World Beater*

Fine variety of fairly broad shape but long, ripening about the same time as the well-known Ruby King. Plants are stocky and bear heavy crops. The flesh is shining scarlet with a mild, sweet flavor and firm, juicy texture. Ships and keeps well. A popular variety.

Plants, 60 cts. per 100; \$3.50 per 1000, postpaid. \$2.50 per 1000 at Sewell, N. J.

Seed, oz. 30 cts.; lb. \$3.50, postpaid
